

## VISION

Is of an inclusive society that values positive mental health and self development for all communities, children, adolescents, families, couples and individuals.

## MISSION STATEMENT

The aim of Dundalk Counselling Centre is to provide a professional therapeutic counselling service to all in the community regardless of their social class, religious persuasion or race and with special emphasis on socially deprived and disadvantaged, irrespective of their means.

## VALUES

To provide a professional service to all in the community. All our therapists are accredited or working towards accreditation with the main qualifying bodies in Ireland and Europe. Dundalk Counselling Centre values its unique position within our community.
